GARNER HOLT PRODUCTIONS

GHP is the world's largest designer and manufacturer of animatronics for theme parks, museums, dining and retail locations, and other attractions around the world. Clients include The Walt Disney Company, Universal Studios, NASA, Coca-Cola, CEC Entertainment, and hundreds more. Find out more at www.garnerholt.com

AT GHP, WE SPECIALIZE IN:

- Animatronics
- Show Action Equipment
- Special Effects
- Parade Floats & Characters
- Complex props & sets
- Creative Design & Development

TOTALLY ON MODEL

Our 7-axis KUKA Industrial Robot can capture every detail of digital sculpts in full dimension

GHP owns and operates a 60,000 sq. ft. design and production facility spread across three buildings on our multi-acre creative campus. Inside, we have a complete collection of design capabilities and tools to aid production from start to finish. In fact, ours is the most complete shop of its kind in the world.

In all, our staff has a collective 360 years of creating Disney animatronics and other specialty productions.

A magic factory!

- Overall Facility: 60,000 square feet in three buildings
- Design & Engineering: 6,200 sq. ft. SolidWorks and AutoCAD design
- Sculpting Area including Kuka 7-axis milling robot & clay sprayer: 5,000 sq. ft.
- Plastics Shop: 4,500 sq. ft. (AQMD booth, chopper systems, vacu-form, roto-mold, silicone spray, urethane, 55-gal meter mix machines)
- Welding Shop: 1,500 sq. ft. (14 welders TIG/MIG/stick/gas, 2 plasma cutters)
- Machine Shop: 3,000 sq. ft. (8 vertical mills, 4 lathes, 4 band saws)
- Hydraulic shop: 1,200 sq. ft. (tube bender, testers, hose crimpers)
- CNC Equipment: Fadal machining center, Mitsubishi Waterjet, Mori-Seki CNC lathe
